§ 4. CONSTITUTION AND BY-LAWS. Invested Funds for Liberian Education

HELD BY THE

NEW YORK STATE COLONIZATION SOCIETY.

1ST. FULTON PROFESSORSHIP FUND.

Extract from the Will of Joseph Fulton.

“I give and bequeath the sum of Twenty-five Thousand Dollars unto the New York State Colonization Society, incorporated by an act of the Legislature of the State of New York, passed April 7, 1855, and the receipt of the Treasurer of the said Society shall be a sufficient discharge therefor to my Executors. Let the above bequest be paid first from the moneys received by the sale of estate of mine both real and personal.

“And it is my design and intention, and my bequest is made upon the express condition, that the said New York State Colonization Society, by its proper officers, shall invest securely and hold in trust forever the said Twenty-five Thousand Dollars, the annual interest of which shall be expended—at least so much as is necessary for this purpose—for the support of a Professor to be nominated or appointed by the officers of the New York State Colonization Society, to hold his office and to discharge his duties in the College already chartered in the Republic of Liberia; said Professorship to be called the ‘Fulton Professorship of the Colonization Society’ of the State of New York. Let the officers of the New York State Colonization Society act in harmony or with the approval of the Board of Trustees of said College in Liberia.

“But I demand that the incumbent of said Professorship, before entering upon the duties, and as indispensable to his induction into his office as a Professor on this foundation, be required to subscribe to the Confession of Faith of the Presbyterian Church as held by the Old School General Assembly of the United States of America.

“And in case these requisitions are not complied with, the bequest is forfeited, and shall be refunded to my executors, and by them paid over in equal proportions to the following-named institutions, viz.: To the American Bible Society, founded in the city of New York in the year 1816; to the Board of Foreign Missions of the Presbyterian Church of the United States of America, and to the Trustees of the Board of Domestic Missions of the General Assembly of the Presbyterian Church of the United States of America. In case there should be a surplus of the annual income of this bequest, after paying the salary of the aforesaid Professor, as I hope there may be, it is my will and I do hereby direct that said surplus be expended in purchasing Bibles for distribution to the members in said College of Liberia, and in premiums for excellence in the various branches of science, at the discretion and under the direction of the Board of Trustees of said College of Liberia.

“Let the Board of Officers of the New York State Colonization Society, under their advisement and counsel, commit the duty of distributing the above donations and premiums to the Board of Trustees of the College of Liberia.”

2d. BLOOMFIELD MINISTERIAL SCHOLARSHIP FUND.

Extract from the Will of John W. Bloomfield.

“Whereas, it appears to me important that there should be a well-educated Ministry of the Gospel among the people of color, who may be fitted to become Preachers of the Gospel, Presidents and Professors of Colleges and Theological Seminaries in Africa, as the day is not far distant, I hope and trust, when such institutions may be established in that part of Africa that now is or may be occupied by emigrants, people of color, from the United States of America, I therefore devote a part of my estate to this purpose; and I advise and it is my desire that those to whom it is entrusted to carry into effect this, my object, shall be careful in selecting young men of color of piety and talents, who may be taken under their patronage for the above purpose, under an implied, though not a positive engagement, that, when prepared, they are to go to Liberia, or to some of the settlements in Africa formed of people

of color, emigrants from the United States, to preach the Gospel to their brethren who may have gone before them and to their native brethren of Africa, and to raise up seminaries of learning there. Should there be proper schools established to meet my foregoing intention in any part of Africa, to which an American people have emigrated or may emigrate before any part of the funds I hereby intend to devote to this object can be paid over, I shall leave it to the judgment of the Society to which I bequeath the same to educate these young men either in the United States or in Africa, as to them may seem best. I also recommend that the schools in which they may be educated and to which the funds may be paid be Manual Labor Schools, and for two reasons:

“*First.* It will save expense, and this bequest will educate the greater number.

“*Second.* I recommend that each scholar learn a trade, which will be of essential benefit in Africa, especially among the native inhabitants.

“Therefore, I give and bequeath to the Treasurer of the New York State Colonization Society and to his successors in office, the residue of my estate not herein otherwise disposed of, to be paid over to the said Treasurer as soon as it can be collected, after the bequests and legacies herein named are paid, in trust, to be by said Society expended in fulfilling my object so far forth as the general purposes for which said Society was formed will admit, as fast and as soon as by the said Society received and as circumstances will admit, the receipt of the Treasurer to be a sufficient voucher to my executors.”

3D. BEVERIDGE SCIENTIFIC AND GENERAL SCHOLARSHIP FUND.

Extract from the Will of John Beveridge.

“*Seventh.* Should there be any residue of my estate after paying the before-mentioned legacies, I will and direct that it be appropriated in manner following, to wit: One-third part to be paid to the New York State Colonization Society in trust for purposes of Education in Liberia; the same to be safely invested, and remain as a permanent fund under their charge to aid in the found-

ing and endowment of Scholarships in connection with some College in Liberia, as may seem to them best calculated to secure to that Republic the benefits of Christian and Scientific Education.”

The one-third residuum received under the above bequest amounted in all to \$6,866.90, which by vote of the Board of Managers, September 15, 1884, was fixed at \$7,000. At the same date, by vote of the Board, the following Scholarships were consolidated into one fund, the income of which might go to students not candidates for the Christian ministry, viz.:
